

SERVICE BULLETIN

EMPLOYMENT OF A MUFFLER OF REDUCED NOISE EMISSION FOR ROTAX® ENGINE TYPE 914UL (SERIES) SB-914-006UL

OPTIONAL

Repeating symbols:

Please, pay attention to the following symbols throughout this document emphasizing particular information.

- ▲ **WARNING:** Identifies an instruction, which if not followed, may cause serious injury or even death.
- **CAUTION:** Denotes an instruction which if not followed, may severely damage the engine or could lead to suspension of warranty.
- ◆ **NOTE:** Information useful for better handling.

1) Planning information

1.1) Engines affected

All versions of the engine type:

- 914 UL (Series) from S/N 4,417.501 to S/N 4,418.268
- V914 pre-production

if they are equipped with the genuine ROTAX® muffler part no. 979402. In modification of this art contact your aircraft builder. On engines with S/N higher than those listed above the muffler (part no. 979402) was already fitted in serial production.

For complete instructions and compliance to this service bulletin refer to Service Bulletin SB-914-006, latest edition section 1.2 onward.

- ◆ **NOTE:** Section 1.6) Approval: Is not required for engines of the type UL (series).
Section 3) Accomplishment: In addition: persons with adequate type-specific training.
